

COVER for HACCP or Pharma transport

PRODUCT CHARACTERISTICS

- Composed of ABS or FIBERGLASS panels which follow the shape of the vehicle internal sides, with 3/4 mm thickness;
- Plug & Play System easy to assemble with all the necessary material provided with the kit;
- The kit is fixed on the vehicle with standard rivets and the sealant used for the finishing operations is waterproof and compatible with food transportation;
- No changes on load-bearing parts and moreover the total weight of the panels is within 5% of the vehicle tare;
- No need to update the registration certificate;
- In case of accident the panels can be replaced separately;
- Access to lights and other original devices is maintained so the normal maintenance can be carried out easily;
- The Kit can be dismantled and reassembled on another identical vehicle;
- The entire payload is maintained;
- The entire load capacity is maintained;
- Water resistance;
- Easy to wash also with pressure washer and steam cleaner;
- Resistant to disinfectant;
- Solution tested in climatic chamber in combination with AC extension or refrigerator;

IN COMPLIANCE WITH

- HACCP regulation, EU Guideline 852/2004 concerning washable surfaces and food hygiene (MOCA TEST);
- EU ADR regulation 852/2004 for dangerous material transportation (only a few classes);
- EUROPEAN Guideline 2013C 343/03 on distribution of medicines for human use;
- UNI ISO 3795:1992 regulation to determine the material resistance to fire;

AVAILABLE FOR:

- Complete range of commercial vehicles circulating in Europe

ACCESSORIES

- Invisible refrigeration system, cooling and heating options
- Electric refrigeration system on roof, cooling and heating options with optional stand by
- AC Extension, cooling and heating options, for the load compartment
- Load compartment Ventilator
- CARFIBREGLASS Connect (GPS and Temperature control)
- Water draining valve
- Light insulation with glass wool
- Reinforced floor or with non-slip mat
- Possibility to have a metal reinforcement in critical areas
- Modular shelves
- Side walls with plastic curtains for temperature maintenance
- Fixing cargo system
- Kit dedicated to bakery products transportation
- Kit dedicated to ADR products transportation (dangerous goods)
- Kit dedicated to bodies transportation
